FILED AT THE FEDERAL COMMUNICATIONS
COMMISSION

The sequence of events during Auction #58 supports "*Review De Novo*" by the Federal Communications Commission and the U.S. Circuit Court of Appeals in the District of Columbia. Motions and bids were filed throughout Auction #58, by pro se bidder Ameer Flippin. Several motions were never considered by the Federal Communications Commission (FCC) and the FCC Administrative Law Judges. Additionally, An Emergency "*Motion for Stay/Suspension of Auction #58*" was filed in the U.S. Circuit Court of Appeals in the District of Columbia, but ultimately was denied. As a result of the Orders issued by the Circuit Court of Appeals, I, Ameer Flippin, participated in Auction No. 58. "*Anti-trust and Conspiracy*" are elements to be examined by the FCC in consideration of the Motions to Deny Long-Forms. The fact that Ameer Flippin, a pro se bidder in Auction No.58, was arrested while faxing through bids to the FCC strongly suggests "conspiracy" and supports the argument of the "*Legal Right*" to participate in Auction No. 58. Consideration should be given to the timing of release of the pro se bidder, Ameer Flippin, from the Shelby County Jail and the correlation with the "*Closing of Auction No. 58, in Round No. 91.*" The Executive Branch continues to exercise executive powers in terminating FCC staff in order to curb the "*legal civil and criminal liabilities*" of the United States Government. An examination of a pro se bidder's *legal rights* supported by U.S. Code, U.S. Statute, Federal Rules of Civil and Criminal Procedure, Case Law, and the Constitution of the United States should be implemented. Additionally, other factors which continue to directly affect Ameer Flippin are the U.S. Military, President George W. Bush, U.S. Middle East Policy, Senators, and Congressmen. A government conspiracy and plan of "*entrapment*" continue to be executed against Ameer Flippin in the United States' implementation of foreign policy.

FILED AT THE FEDERAL COMMUNICATIONS
COMMISSION

I, Ameer Flippin, merely wish to exercise basic rights as a citizen of the United States and have no interest in U.S. foreign policy. I, Ameer Flippin, have no interest in developing relationships with the Executive Branch, the U.S. Military, the Senate, or the Congress. The detainment and surveillance of my person is “*illegal*” and violates “*Civil and Constitutional Rights*.” President George W. Bush’s contact with the FCC in reference to my activity as a private citizen is a violation of “*Sherman Anti-Trust Laws*,” thus supporting the argument of conspiracy. Contact with local Law Enforcement, local Municipal Government, and local Shelby County Government by the Executive Branch in reference to Ameer Flippin is a violation of “*Civil and Criminal Law*.” On March 11th, 2005, President George W. Bush will visit Memphis, Tennessee. It is believed that travel was created in order to communicate with local government entities and officials concerning Ameer Flippin and the United States implementation of International Policy. The above time line and facts support a “Denial of Long-Forms” in Auction No. 58.

Additionally, 47 CFR 1.2108 addresses a “Denial of Long-Forms” and partially reads as follows:

1.2108 Procedures for filing petitions to deny against long-form applications.

(a) Where petitions to deny are otherwise provided for under the Act or the commission’s Rules, and unless other service specific procedures for the filing of such petitions are provided for elsewhere in the Commission’s Rules, the procedures in this section shall apply to the filing of petitions to deny the long-form applications of winning bidders.

(b) Within a period specified by Public Notice and after the Commission by Public Notice announces that long-form applications have been accepted for filing, petitions to deny such applications may be filed. The period for filing petitions to deny shall be no more than ten (10) days. The appropriate licensing Bureau, within its discretion, may in exigent circumstances, reduce this period of time to no less than five (5) days. Any such petitions must contain allegations of

FILED AT THE FEDERAL COMMUNICATIONS
COMMISSION

fact supported by affidavit of a person or persons with personal knowledge thereof.

In an effort to comply with the Code of Federal Regulations, this affidavit is being filed at the Federal Communications Commission (FCC). This affidavit shows that "*Ameer Flippin is a party in interest and that a grant of the application would be inconsistent with the public interest, convenience and necessity.*"

I declare "UNDER PENALTY OF PERJURY" that the foregoing is true and correct.

FILED AT THE FEDERAL COMMUNICATIONS

The sequence of events during Auction #58 supports "*Review De Novo*" by the Federal Communications Commission and the U.S. Circuit Court of Appeals in the District of Columbia. Motions and bids were filed throughout Auction #58, by pro se bidder Ameer Flippin. Several motions were never considered by the Federal Communications Commission (FCC) and the FCC Administrative Law Judges. Additionally, An Emergency "*Motion for Stay/Suspension of Auction #58*" was filed in the U.S. Circuit Court of Appeals in the District of Columbia, but ultimately was denied. As a result of the Orders issued by the Circuit Court of Appeals, I, Ameer Flippin, participated in Auction No. 58. "*Anti-trust and Conspiracy*" are elements to be examined by the FCC in consideration of the Motions to Deny Long-Forms. The fact that Ameer Flippin, a pro se bidder in Auction No.58, was arrested while faxing through bids to the FCC strongly suggests "conspiracy" and supports the argument of the "*Legal Right*" to participate in Auction No. 58. Consideration should be given to the timing of release of the pro se bidder, Ameer Flippin, from the Shelby County Jail and the correlation with the "*Closing of Auction No. 58, in Round No. 91.*" The Executive Branch continues to exercise executive powers in terminating FCC staff in order to curb the "*legal civil and criminal liabilities*" of the United States Government. An examination of a pro se bidder's *legal rights* supported by U.S. Code, U.S. Statute, Federal Rules of Civil and Criminal Procedure, Case Law, and the Constitution of the United States should be implemented. Additionally, other factors which continue to directly affect Ameer Flippin are the U.S. Military, President George W. Bush, U.S. Middle East Policy, Senators, and Congressmen. A government conspiracy and plan of "*entrapment*" continue to be executed against Ameer Flippin in the United States' implementation of foreign policy.
